Seeing the world better

**WITH 25X MORE UV PROTECTION
than going without eyewear***

E-SPF[®] is a global index rating the overall UV protection of a lens. E-SPF was developed by Essilor International and endorsed by 3rd party experts. A lens rating of E-SPF 25 means that an eye protected by the lens will receive 25 times less UV exposure than an unprotected eye. E-SPF of 25 when a Crizal lens is made with lens material other than clear 1.5 plastic.
