

Introducing
SmallFit[™]
from Essilor

SmallFit from Essilor,
short corridor lenses for
presbyopes who prefer
smaller frames

- Fast and easy adaptation
- Smooth transition between zones
- Comfortable vision zones
- Essilor advanced design and technology

SmallFit™ from Essilor

for presbyopes who prefer smaller frames

No Compromise on Style

- Gives style-conscious patients more choice in frames
- Available for most short-corridor frames
- 14-16mm Fitting Height

No Compromise on Vision

FAST AND EASY ADAPTATION

- Customized to wearer's prescription and addition
- Variable inset by Base and Add Power
 - Matches the wearer's natural gaze
- Perfect complement to the Ovation® design by Essilor

SMOOTH TRANSITION BETWEEN ZONES

- Soft design provides more comfortable intermediate vision than other short-corridor PALs
 - Well suited for higher additions

COMFORTABLE VISION ZONES

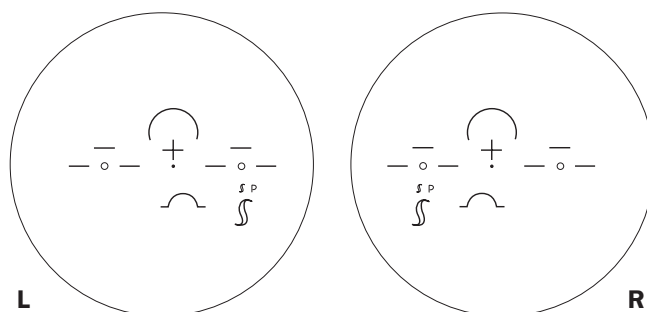

- Dynamic vision in all acuity fields
- Better vision balance than typical short-corridor lenses

ESSILOR ADVANCED DESIGN AND TECHNOLOGY

SmallFit from Essilor is the perfect fit for presbyopes, especially those who prefer the style of smaller frames. To order, contact your representative today.
